These rules use the procedures and their numbering found in the Official Guide to the Rules of Golf.

5. How Ties Will Be Decided in stroke play

- a. Tournaments and individual classifications
 - i. **First place** will be determined by a sudden-death play-off on the holes indicated by the Committee when the play-off was announced. If there are more than two players in the play-off, the play-off will continue until a winner is determined. The subsequent places will be taken by the players in the order of elimination from play-off in such a way that the later a given player is eliminated, the higher he will be placed. In the event that two or more players are eliminated from the play-off after the same hole, the "countback" will determine the places taken, i.e. the better gross stroke play result obtained in the following order: last round, holes 10-18, 13-18, 16- 18th, 18th hole of the course of the last round as a last resort, higher HCP.
 - ii. **The other places.** The remaining places will be decided by the "countback", i.e. the better gross stroke play score obtained in the following order: last round, holes 10-18, 13-18, 16-18, 18th hole of the course of the last round, ultimately higher HCP. Excluding the situation when the first three places were selected according to the paragraph above.
 - iii. **In the net stroke play classification.** In the net stroke play classification (if such is conducted in a given tournament), the order on the list will be determined by the net "countback" as follows: better net stroke play score of the last round; better score on holes 10-18, 13-18, 16-18, 18th hole of the field of the last round; lower handicap of play. This provision does not apply to (Polish HCP Cup and PZG Masters).
- b. Team Competitions
Tie regulations in team competitions are defined in the rules of each individual team competition.

The time to strike should not exceed: for the first player in the group - 50 seconds for an approach shot, chip or putt and 40 seconds for a tee shot or second, third or fourth stroke of the player in the group. Off the putting green, the stroke time begins when the player has had sufficient time to reach the ball, it is his turn to play and he can make the stroke without outside interference.
